Intervention by Ms. Malina Gepp

Permanent Mission of Liechtenstein

Liechtenstein welcomes the distinguished delegation of Luxembourg and wishes to thank for the information provided in the introductory statement and in the national report.

In a constructive spirit, Liechtenstein recommends that Luxembourg

1. Bring legislation on the criteria and thresholds for the use of force by law enforcement officials in line with international human rights standards.
2. Ensure victims of discrimination and gender-based violence have access to justice by increasing resources to grant free legal aid to victims without sufficient means.
3. Adopt an explicit prohibition of all forms of corporal punishment against children in law, in all settings and abolish in its legislation the possibility of light forms of violence against children.
4. Step up efforts to effectively combat human trafficking by providing adequate resources to investigations and ensure sentences of perpetrators are proportionate and have a deterrent effect.

We wish you a successful UPR. I thank you.
